ITS EASY TO ASSEMBLE

The Hyper Stimulator cockpit has been designed to be easily assembled.
All the hardware and tools required to assemble the Hyper are included in the kit.

UNPAINTED CHASSIS

The tools and materials for painting the MDF panels are not supplied.

CONTROLS NOT INCLUDED WITH THE BASE COCKPIT

Your controls must be purchased seperately. The Hyper's Adjustable Mounting Brackets suit **MOST** PlayStation, xBox, Wii and PC steering and pedal systems.

Although we have made every effort to make the adjustable mounting brackets universal, some controls may need modifications to fit, so you must check before purchase to confirm your chosen 3rd party steering / pedal system fits the mounting brackets.

OR

you may purchase the Hyper Stimulator Professional PC controls

You can upgrade at any time to a Hyper Stimulator PC Steering and Pedal system.

COMPUTERS, MONITORS and DRIVING SOFTWARE ARE NOT INCLUDED

If you require these items please give us a call..
